We also need to bring to everyone's attention that under no circumstances should anyone be parking on the painted lines in the middle of the road.

Parents in Education Week 2018

Dear colleague

We encourage you to promote this year's Parents in Education Week by displaying this poster in a prominent position and sharing the information with staff and parents at your school or service. Parents in Education week promotes and highlights the importance of parents being engaged in their child's learning and education from birth through to the end of school.

This year an exciting program of free parenting seminars will be held over 3 nights at the Adelaide Entertainment Centre from 28-30 August. Expert speakers will provide information and practical advice for parents to support their child's learning and wellbeing while also being relevant to staff. The program theme for this year is Behaviours for learning and wellbeing: skills for life.

All events are open to the public and the content will also be available online. Many schools and preschools are holding special events to view the content and the recorded sessions will be available on-demand until 30 November, 2018.

To read more about the program and speakers or to register to attend go to www.education.sa.gov.au/pieweek
